

NEW  
CHURCHES  
NETWORK

# How to prepare your draft.

Here are 6 sections that we are looking for to help you get started.

## Planter & Parent Church

tell us about you, and your passion for new churches

## Church Model

What do you envision your new church looking like?

## Timeline

What is your desired timeline for the future?

## Location & Potential

Where and why do we need a new church?

## Personal Calling

Why do YOU want to see a new church planted?

## Strategy for Success

What are your core values and action plan?

This is your opportunity to dream big, and to put into words the vision for a new church that you feel that God has placed on your heart. The next stages will include a detailed budget, and financial strategy for your new church, if you do not already have one prepared. Please have these sectors filled out before meeting with your NCN representative to ensure that we can be as effective as possible in assessing, and progressing your plan.
